The TS-8611 is a bright, compact and easy to operate touch screen that works with popular ADA multi-room systems. It integrates directly with ADA tuners (HD AM/FM, Sirius, & XM) permitting you to surf stations by genre, preset, or frequency/channel. The TS-8611 also enables remote control of iPods¹ and music servers (Escient, Kaleidescape, & Request)² from any room in the home. You can even control other devices such as CD & DVD players, cable & satellite boxes, most anything³. The TS-8611 also permits you to control tone levels, ADA alarm clock features⁴, sleep-timer, party mode, room-scan & keypad lock-out.
